Professional air dryer  
for car interiors

## EFFICIENCY, SAFETY and NOTES

- ✓ **RELIABILITY AND SAFETY** are guaranteed by a **COPPER BOILER**. Copper is an explosion-proof and antiscaling material. The **HEATERS** are placed externally, so they **NEVER** come into contact with water.
- ✓ 1 KW power creates a steam flow equal to 1,2 kg/h (20 g/min). The efficiency of steam is proportional to its flow, not to its pressure. There is no point in having high pressure and a low flow.
- ✓ The whole production is based in Italy, in our plant in Pesaro.

## SPARE PARTS AND SERVICE

- 🔧 **BIEFFE** guarantees the shipping of spare parts, accessories in very short times. Our efficient help line is available for service and assistance.
